All unborn children in Tennessee will be protected for another year!

Tennessee Right to Life is happy to report that the Human Life Protection Act stands strong after all proposals to change it have been heard for this session. God used the teamwork of Tennessee Right to Life, our pro-life legislators and thousands of informed citizens to guarantee that this law will continue to protect the right to life of all our states unborn children.

In addition to this victory, our legislators overwhelmingly passed a law prohibiting local governments from using tax dollars to fund the travel or expenses for Tennessee women seeking abortion in other states.

Besides the passage of pro-life measures, two bills and several pro-abortion amendments were defeated that would have weakened Tennessee's current law.

Tennessee Right to Life is grateful for all who took action to ensure that the most vulnerable among us remain protected under the law.

A movement of kindness

Next year will be a new battle, but for now, Tennessee values are reflected in Tennessee law. Every day, every month and every year that goes by without legislative action in our state means us that much closer to a day when abortion is not only illegal, but unthinkable. Your partnership in the effort is appreciated.

Thank you Tennessee!
